

Interface of Chuck Installation

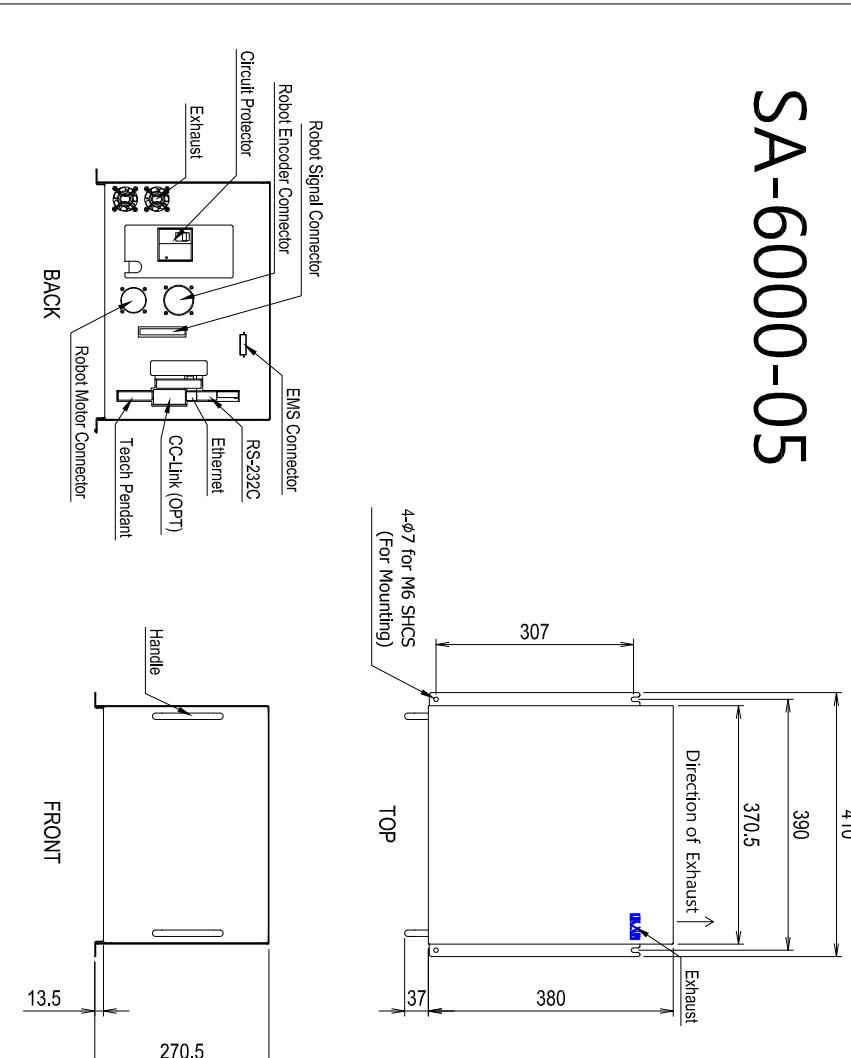

SA-6000-05

Details for Installation
Space for Connectors
Installation/Uninstallation

External Connection Details

Cable Length Between Robot and Controller : 2M

- Note:
1.Unlabeled Dimensions Might Be Adjusted For Needs.
2.The Concept Outline Drawing Is For Equipment Layout Evaluation.
3.The Chuck To Be Supplied By Customer.
4.The Distance Would Be Adjusted Upon Customer-Supplied Chuck.
